ESTABLISHED 1904. VOL. 18. NO. 36.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, SEPTEMBER 5, 1922

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

## Grand Jury To Meet At Lihue Tomorrow

**NINE COMMITMENTS EXPECTED  
TO KEEP THEM BUSY  
TWO DAYS**

The Kauai county grand jury will meet tomorrow morning at the court house to consider the cases of the various persons committed to the jury by the district courts.

This is the first meeting of the grand jury since the spring and it will mark the opening of the fall criminal session of the fifth circuit court.

Nine indictments will be offered to the jury by the county attorney's office and if the grand jury returns true bills in all cases the indicted men will be brought before the trial jury which will be called on September 20th.

Seven Filipinos, one Japanese and one part Hawaiian make up the personnel of the nine men committed by the lower courts to the grand jury.

The commitments to the grand jury are as follows:

James Ward committed from the Lihue district court on a statutory charge; along with Timoteo Aglabab and another Filipino named Tomas, also charged with a statutory offense. The former was committed from Koloa and the latter from Kapaa.

The three commitments charging assault with a deadly weapon involve Romam Tanganag, committed from Waimea; and Allen Pilayo, also from Waimea; and another Filipino committed from Kapaa.

The three other commitments include two charges of first degree burglary and one charge of embezzlement. Juan Balkis was committed from the Lihue court on the former charge, while Domingo Laroeten was also committed for burglary from the Waimea court. The embezzlement charges concern one Shige Akahane, who is charged with embezzling funds from the Bank of Bishop, Waimea.

## JAPANESE SUNDAY SCHOOL HOLDS ANNUAL PICNIC AT PAPALINAHOA

The united Japanese Sunday-schools held an all day picnic at Papalinaloa last Sunday. About two hundred children attended the annual affair.

The morning was spent in open air devotional exercises. Rev. Patrick Takahashi conducted the services in Japanese, while short talks in English were given by Rev. R. W. Bayless and Mr. Vance who is to be the new athletic director of the Kauai high school.

The afternoon was spent in playing games and swimming. Playground ball and volley ball were the principal games of the afternoon.

Mr. Takahashi asked the Garden Island to express his thanks to the Grove Farm plantation and Lihue Ranch for the kind use of their trucks in transporting the children to and from the picnic.

## MASONS TO PICNIC AT HANALEI ON SUNDAY

The Masonic Club of Kauai will hold their first annual picnic at Hanalei next Sunday. One of the features of the day will be the devotional exercises which will be received by radio from the Central Union church in Honolulu in the morning.

In the afternoon a special concert will be put on for the Masons by the Star-Bulletin. The radio will be received on the wireless set of Alfred Menefoglio at his beach house at Hanalei.

## LIHUE UNION CHURCH

Regular Sunday morning services will be resumed in this church next Sunday at 11 o'clock, when the pastor will speak upon "A Progressive Religion." The Sunday school which has been enjoying its annual vacation will convene at 10 o'clock in the Parish House. All teachers and scholars are urged to be present at this session. The church extends a very cordial invitation to all residents and newcomers to make this their church home for worship, fellowship and service.

RALPH W. BAYLESS,  
Minister.

## KAPAA NOTES

M. R. Aguilar Jr., ex-representative, who was elected on the Republican ticket in 1918, has switched his colors and announced that he is now out for the office of senator on the Democratic ticket. He has already filed his nomination papers and expects to start campaigning this week.

James T. Hamada of Waipouli, formerly editor of the English section of the Nippon Jiji, one of the leading Honolulu Japanese newspapers, has entered the race for representative on the Republican ticket. Hamada is a local boy and well known, but has never been in politics.

Kapaa residents who may be in need of attention to their teeth can now have the choice of two dentists. Dr. H. P. Choy, government dentist of Honolulu, has opened an office for private practice to take care of aching molars.

John M. Horner is visiting his brother, A. Horner, Jr., of the Hawaiian Canneries company. John is a student of Stanford University and expects to return to the mainland the latter part of this month.

Mrs. M. R. Aguilar Sr. and Mrs. John Rodriguez Jr. were hostesses at a delightful dinner last Tuesday evening, given in honor of Miss E. Ignacio, Mrs. E. Ignacio and M. Ignacio of Hilo, Hawaii. Besides the guests of honor, others who had the pleasure of being present included Mr. and Mrs. M. R. Aguilar Jr., Mr. and Mrs. J. R. Aguilar, Mr. John Rodriguez Sr., John Rodriguez Jr., and August Aguilar.

Eighteen local children were given a delightful time last Tuesday evening at the home of Mme. Rente. The little tots were entertained with good eats and games, and all departed with smiles and thanks for their hostess.

## LURLINE IN FRIDAY; WILL SAIL SATURDAY

The Matson steamer, Lurline, will arrive in Port Allen on Friday, September 8, and will unload a general cargo of freight. A cargo of sugar will be loaded and the Lurline will depart for Honolulu on Saturday evening.

Among those booked for the mainland on the Lurline are Mrs. A. Ballester, of Elele, Mrs. Frederick Aaser of Kekaha, Mrs. Frank Jennings of Lihue and John Neil of Lihue.

## FLORIDA RESIDENT MOVES TO KAUAI ON ADVICE OF DOCTOR

The people of Florida have long been known as boosters for their own climate, yet it remained for one doctor in Florida to put in a boost for the climate of Kauai not long ago. He advised George Williams, who was formerly a resident of that state, that if he wanted to avoid malaria, to go to Kauai and his advice was taken.

He is now here and is anxious to buy a home, preferring a homestead in the Kapaa district.

## RIG CATCH OF MOI MADE AT NIUMALU

Jack Coney's bunch of fishermen caught what is said to be the record haul of moi last Wednesday when they netted some six tons of fish. For the first time in many a day the local fish market was flooded with the toothsome delicacy. It is said that it took about a mile and a half of nets to surround the school.

Ralph Garlinghouse, resident engineer of the Nawiliwili breakwater project, is wearing a happy smile since last Sunday morning. The reason is simple. Her name is Nancy Elizabeth, and she arrived Sunday. Both Nancy Elizabeth and Mrs. Garlinghouse are doing well.

Donald Bowman, director of the H. S. P. A. industrial service, is on Kauai in connection with his work.

## \$2000 Is Donated To Legion Armory Fund

**DONATION BY LIHUE PLANTATION PRACTICALLY ASSURES THE PROJECT**

The Legion's alteration of the Lihue armory into a serviceable community center was practically assured last week by a donation of \$2,000 to the fund by the Lihue plantation.

This brings the amount on hand to \$3,100, with no report from the remaining corporations in Lihue. There is no doubt that donations from these corporations will come in rapidly after the splendid example set by the Lihue plantation.

The impression seems to have gotten abroad that the Legion had given up their campaign to remodel the armory, but this latest announcement surely shows that the Legion has been on the job no matter how quietly they have been working.

New developments are expected every day as it is planned to finish up the campaign with a rush. It is hoped to complete the campaign within a week so that work can start at once.

Just what sort of an opening celebration will be held in the new building has not been decided but it is understood that the Legion has plans to make the opening celebration fit the occasion.

The Legion also plans thru its athletic committee to organize indoor sports not only in the Lihue district but also over the entire island and to assist in fostering the sports so as to bring the various communities together in indoor sports as well as in outdoor activities.

## EUGENE O'NEIL'S PLAY TO BE HEADLINER ACT AT LEGION VAUDEVILLE

The complete program for the American Legion vaudeville show which will be shown in the Tip Top theater in Lihue on the evening of September 30, is ready for announcement but owing to the fact that several of the members of the post who will take part are also acting as delegates it was thought best by the committee to wait until after the department convention before announcing the complete program.

Rehearsals for the headline act are well under way and early impressions tend to show that it will no doubt be one of the strongest one-act plays yet presented on Kauai.

"The Greatest Truth" is from the pen of Eugene O'Neil and involves three persons, the only characters in the play. An eternal triangle centering around an elderly American congressman, his beautiful wife and a dashing young foreigner attached to the Italian embassy in Washington. The scene of the play is laid in Washington and it must be said that Eugene O'Neil handles the age old problem in a new and distinct manner.

A pair of acrobats have been discovered among local Legionnaires and they are busy at perfecting their act which is said to rival many circus acts that are considered leaders in their world.

Madame X., a recent arrival on Kauai, who has proven on several different occasions to have unusual psychic powers has been prevailed upon to display her talent and will present a mind reading act that has already mystified many local people. It is announced by the Legion that the young woman makes no claim to any powers as a clairvoyant but only claims to be able to receive telepathic messages if the person interested will concentrate upon the subject involved.

A rapid fire artist who will draw almost speaking likenesses of well known local men upon request from the audience will also be one of the unusual features of the show.

Several other features will be on the program and the committee has announced that the show will no doubt be the best of its kind yet presented on Kauai and will bring out talent that has long been unsuspected by local people.

## Mme. Miura Scores Unqualified Success

**FAMOUS JAPANESE PRIMA DONA PLEASES AUDIENCES AT BOTH CONCERTS**

Before a crowded house, Mme. Miura, the Japanese grand opera star sang her way into the heart of her audiences last Saturday evening at Lihue. Her concert at Makaweli on Monday evening was a repetition of her success on Saturday evening.

Every one of her numbers were well received by her audience, especially her Japanese numbers which seemed to give great delight to her countrymen. Mme. Miura could not have any possible complaint on the heartiness of her reception. The reception of her number, Dille Du Rosa, written by her accompanist, Aldo Franchetti, amounted almost to an ovation. Paci Pacio, a comic number in Japanese, probably caused the greatest delight in the Japanese portion of the audience.

Mme. Miura certainly showed herself versatile not only in her repertoire but in her interpretation as well. Surely an artist who can sing Ave Maria with all the calm strength that Mme. Miura gave it and then a few moments later sing a selection from Madame Butterfly, utilizing all its dramatic possibilities, can be called nothing else but versatile. Her presentation of the numbers from Madame Butterfly stamps her as an artist of the modern school who believes that the interpretation of the theme of the opera leads in importance to any display of vocal technique.

Those who witnessed her two numbers from Madame Butterfly, both on Saturday, and last Monday, evenings, can easily see why she is classed as the incomparable Madame Butterfly.

Aldo Franchetti, Mme. Miura's accompanist, showed himself to be an accompanist of rare and pleasing ability.

## BILL GIVING WOMEN RIGHT TO HOLD OFFICE IS PASSED BY SENATE

The bill giving women full rights of suffrage in Hawaii, such as permitting them to hold office and to sit on juries, passed the national senate last Friday, according to a wireless message received by the Garden Island from Delegate Harry Baldwin.

This means that if the measure is signed by President Harding at once before nominations close on September 7th, women will be eligible to seek nominations at the coming primaries.

## AW, GEE! SCHOOL OPENS NEXT WEEK

Next Monday is a tough day for the kids, for it means that they must give up the joys of vacation and once more take up their pursuit of the three Rs.

Three new schools will be opened with the coming term. Makaweli, Hanamaulu and Kilaua being the newly constructed schools ready for occupancy. The Lihue school will not be ready until some time the latter part of October or the early part of November.

Two new cottages have been constructed at Hanamaulu and will also be ready for use when school opens. The county has moved the principals house which was in the old school grounds to a place beside the new cottages and Jack Hanson has been busy making some alterations to the building.

There is likely to be only one change in regard to the principalships of the various schools and that is at Kalaheo. Chester Carlson who was principal last year has been reappointed but it is understood that he will not return to the islands this fall. The principals in charge of all the others last year will again be in charge this year.

Some ideas have been expressed that the percentage of the coast teachers on Kauai will not be as high as in former years, but according to the authorities the proportion will be about the same as formerly.

Judge Lyle A. Dickey returned last Wednesday morning from a brief business visit to Honolulu.

## PERSONALS

Mrs. Neil Robertson of Elele returned on the Kinau last Wednesday morning from a three months' trip to the coast.

Mrs. Robert Middleton returned last Wednesday morning from a ten day stay at the Moragne cottage at Puukapele.

Mrs. J. Avison of the Elele school faculty was an arrival on the Claudine this morning.

Mrs. J. K. Farley of Koloa was a returning passenger on the Claudine last Friday morning.

Misses Mary and Madeline Ashin, who are attached to the Hanalei school, arrived on the Claudine this morning after a trip to Honolulu.

L. R. Jackson, who is to be vocational instructor at Kauai high school arrived on the Claudine this morning accompanied by his family.

Mrs. M. V. Fernandez and her daughter Adelaide are visiting relatives in Honolulu. They are expected back next Friday morning. Miss Fernandez is a teacher in the Makaweli school.

Miss Florence Osborne and Mrs. H. Shellenberger, who were teachers at Hanamaulu school last year and will teach at Koloa this year, arrived on the Claudine this morning.

James Spalding of Keala, returned last Friday morning from a trip to Maui where he has been playing polo. Jim hurt his shoulder and will be unable to take a turn around the Waialua links for a while.

Judge W. C. Achi Jr., returned from a short trip to town last Wednesday morning. The judge is already to take up his duties when the criminal term of court opens tomorrow morning.

Thos. B. Vance, who will be director of athletics at the Kauai high school this year, was an arrival on the Claudine Friday morning. He hopes to be able to hang defeat on the Lihue veterans at the annual Thanksgiving day football game this year.

Miss E. Lindsay, who just recently graduated from Wellesley college arrived on the Kinau last Wednesday. Miss Lindsay is a sister of Mrs. A. B. Braue of Port Allen, and will teach this year at Waimea.

Mr. and Mrs. H. T. Barclay, of Keala, returned last Wednesday morning from a visit to Honolulu.

## PHEASANTS MAKE FEEDING GROUND ON LIHUE LOT

C. A. Baggott has apparently started a game preserve on his two lots next to his home in Lihue, for any afternoon anywhere from 20 to 30 Chinese pheasants can be seen feeding there. It is an unusual and pleasing sight and the birds show little or no fear unless deliberately disturbed.

Mr. Baggott has stated that any one caught molesting the birds in any way will be prosecuted to the full extent of the law.

## KAUAI BALL LEAGUE TO MEET TOMORROW

There will be a meeting of the Kauai Baseball league at the county building at 7:30 to decide upon the personnel of the team that will represent Kauai in the inter island championship series.

Each club in the league is advised to have two representatives on hand at the meeting.

## REDUCTION IN FUEL IS ANNOUNCED

The Kauai Railway company announces a reduction in the price of fuel oil to take effect on September 1st. A tanker is expected in some time in October to replenish the local supply.

Hib Case evidently intends to have a ball team of his own as he has added a new player on his team. His latest addition is named William Bradford and arrived last Wednesday morning. Hib says he now has a battery, as Jimmie is showing great promise as a twirler, so he will develop Bill as a catcher. Mrs. Case is doing very well.

## Aguilar to Oppose Rice for Senator

**KAPAA MAN CHANGES PARTY; WILL RUN ON DEMOCRATIC TICKET**

The latest outburst in the political field comes, as may be expected, from the Kawaihau district in the form of an announcement that Manuel R. Aguilar has left the Republican ranks and has joined the Democratic fold and that he will be a candidate for senator on the Democratic ticket against C. A. Rice.

Another rumor that has been floating around but as yet has not been confirmed, is that N. K. Hoopile will withdraw from the race for the Republican nomination. This puts a change on the situation and will cause the politicians to start figuring all over again as they have been spending most of their time trying to figure what sort of race Hoopile would put up and now they have switched matters and figure Aguilar as an opponent for the incumbent.

## Hoopile May Run

Another angle to the senatorial race is the fact that it is known on Kauai that John Hoopile, who is acting as campaign manager for Norman Lyman during his stay on Kauai, took two sets of nomination papers with him when he went to Honolulu. One set was for the lower house while the other set were papers for entering the senatorial race. Just what set of papers Hoopile intends to file it is not known but according to local authorities he stated that he was in the field for the lower house and he announced the same publicly at the Lyman meeting in Lihue.

## Kaahu for Senator?

Still another point in the race for the toga is the fact that it is understood that S. Kaahu, who was a representative in lower house four years ago may be a candidate for the Republican nomination for senator. Kaahu has not filed his nomination papers as yet and it is not known if it will be legal if they arrive in Honolulu on the 7th or not.

Eight candidates are now in the field for the Republican nomination for the lower house and as four are to be nominated it can be said that they all have a 50-50 chance for the nomination.

## Japanese is Candidate

Kauai did a jump into the lime-light by springing the first woman candidate for the legislature with the announcement that Mrs. Keili-not would run for the Republican nomination and now another bid for the spotlight is due on account of the fact that James T. Hamada, a Hawaiian born boy of Japanese ancestry has filed his nomination papers and is a candidate for the lower house. Hamada was formerly editor of the English section of the Japanese daily in Honolulu, the Nippon Jiji. This is the first case on record on Kauai where a citizen of Japanese ancestry has been a candidate for an elective office.

## Candidates are Numerous

It is a little early to make prophecies as to the result of the election but according to political wiseacres this year's campaign will not lack any of the fireworks that have been characteristic of the Kauai campaigns heretofore.

## FAMOUS EYE SPECIALIST MAKES VISIT TO KAUAI

Dr. Ernest Fuchs, the famous eye specialist, formerly of Vienna, is a guest of the William Hyde Rices. Dr. Fuchs is one of the leading eye specialists of the world being rated as one of the highest authorities on diseases of the eyes. He has written many books on ocular surgery which have been translated into almost every language.

He has been in America since the war and during that time has been teaching his specialty. He intends to visit the orient, and India and will continue his teaching in the eastern countries. During his stay in Honolulu he has given several lectures at the Queen's hospital to Honolulu medical men.

He will return to Honolulu tomorrow evening and will sail for the orient the following day.
